Your Rights under Australian Consumer Law

The Australian Consumer Law ("ACL") protects consumers by automatically giving them basic, guaranteed rights for goods they purchase ("Consumer Guarantees") at no charge. For example, the ACL requires that, taking account of the nature of goods, the price, any representations made by the supplier or manufacturer and other relevant circumstances, the goods must be free of defects, do what they are meant to do, be safe, durable and acceptable in appearance and finish, be fit for any particular purpose that the consumer makes known and comply with any description given or any demonstration model used.

In the event of a breach of a Consumer Guarantee where there is a major failure of the goods, consumers are entitled to reject the goods and choose a replacement or refund and claim compensation for any reasonable foreseeable loss or damage suffered by consumers as a result of the failure. Where the failure does not amount to a major failure, consumers are entitled to have the supplier repair or replace the goods (at the supplier's choice). Whether a specific failure breaches a Consumer Guarantee and a consumer is entitled to a remedy under the ACL will depend on the circumstances.

Consumer Guarantees have no set time limit but generally last for an amount of time that is reasonable to expect in the circumstances, given factors including the cost and quality of the goods, the use made of the goods or any representation made by the supplier or manufacturer. Consumer Guarantees may continue even at the expiry of the Manufacturer's Warranty for the goods or this Brightside Extended Warranty Cover. The exact amount of time that Consumer Guarantees last in the case of a specific purchase varies depending on the circumstances.

for whatever happens!

Consumers with a claim for breach of a Consumer Guarantee should contact the supplier of the goods at first instance. If You are unable to reach resolution with the supplier as to the remedy, You should seek independent advice and/or contact the ACCC (contact details below) or Your state/territory fair trading body.

What is covered

The Cover described below is subject to the Terms & Conditions, Exclusions and Definitions set out in Your Brightside Extended Warranty Cover. Our coverage will provide You with extra protection in the event that Your Product suffers a Covered Failure during the Warranty Term.

There are two different types of coverage provided. The applicable coverage depends on eligibility based on the cost of the product being purchased. If the Original Purchase Price is less than \$500 We offer a Product Replacement Plan. If the Original Purchase Price is \$500, or more, we offer a Product Repair Plan.

Terms & conditions

Product replacement plan

Eligibility: This Product Replacement Plan is only available on products where the Original Purchase Price is less than \$500.

The Cover: In the event Your Product suffers a Covered Failure under this Product Replacement Plan, We will replace Your Product with a new product rather than repair it.

Your Product Replacement Plan comes to an end if We settle Your claim by replacing Your Product or by paying You what it would cost Us to replace Your Product to its nearest equivalent. The value of any cash settlement that We give You under Your Plan will not exceed the Original Purchase Price.

Product Replacement Terms: In the event that We replace Your Product, We will take into account features, quality and specifications of the original item as well as availability of the technology. The replacement item is chosen at Our sole discretion.

Due to changes in product technology and availability, the replacement product We supply under Your Plan may have a lower purchase price and is not limited to the original manufacturer brand of Your original product. We will not refund to You any difference between the Original Purchase Price and the current replacement cost.

When a suitable replacement is not available, We will give You a cash settlement for what it would cost Us to replace Your Product. If the current replacement cost exceeds the Original Purchase Price the most We will pay is the Original Purchase Price of Your Product.

Payment to You or replacement of Your Product shall constitute fulfilment of Your Plan. The period of cover will then cease.

Product repair plan

Eligibility: This Product Repair Plan is only available on products where the Original Purchase Price is \$500 or more.

The Cover: Under the Product Repair Plan, if Your Product suffers a Covered Failure at any time during the Term, Your Product will be repaired to normal working order. Coverage applies even in circumstances where the need to repair Your Product arises due to normal wear and tear and the Covered Failure does not amount to a major or minor failure to comply with one of the Consumer Guarantees under the ACL.

Where the failure is a result of a faulty accessory, which is not listed as an Exclusion, which came with Your Product, We will either repair or replace the accessory only.

The decision to repair or replace the accessory is at Our sole discretion.

Product Repair Terms: In repairing Your product the parts used by the repairer may be new, used or refurbished in accordance to suitability and availability of supply. All parts used will hold a minimum guarantee period regardless of Warranty Term.

If Your Product is not economically repairable, We will, at Our sole discretion replace Your Product with a new product.

Warranty term

Your agreement with Us (Your Plan) is valid from the date You purchase Your Plan.

The Cover commences from the expiry of the Product Manufacturer's Warranty for Your Product.

If Your Product is replaced by the manufacturer or Us as the retailer, Your Plan and the expiry date of Your Plan remains the same.

Your Plan ends when the Warranty Term ends. The Warranty Term will end at the earlier of:

- 2, 3 or 4 years (as applicable – Your Receipt will identify which period is applicable) from the expiry of the Product Manufacturer’s Warranty;
- 5 years from the original date You purchased Your Product; or
- 7 years from the date You purchased Your Product for White Goods; or
- the time Your Plan otherwise ends (for example, if Your Plan is cancelled by You during the cooling-off period or Your Product is replaced under Your Plan).

You are only covered under Your Plan for Covered Failures that occur after the expiry of the Product Manufacturer’s Warranty. The cover will not apply to the extent Your Product is otherwise covered and able to be claimed under the applicable Product Manufacturer’s Warranty.

Additional coverage benefits

We will provide the following additional covers as part of Your Extended Warranty Cover during the Warranty Term.

No lemon guarantee

This benefit is only applicable to a Product Repair Plan.

If Your Product has had 2 repairs for Covered Failures under Your Plan and Our Authorised Repairer confirms that Your Product will require another repair under Your Plan during the Warranty Term, We will replace Your Product on the same terms set out under Product Replacement Terms above.

For the purposes of the ‘no lemon guarantee’, preventative maintenance checks, consumer requested alignments, cleaning, product diagnosis, customer education, troubleshooting/telephone diagnosis, accessory repairs/replacements, mouse repairs/replacements, computer software related problems, ‘no fault found’ diagnosis and returns to Our Authorised Repairer within 30 days are not considered to be repairs. The ‘no lemon guarantee’ does not apply to ice makers, computer keyboards and speakers, removable and rechargeable laptop batteries.

Fully transferable

If You sell or give away Your Product, You can transfer Your Plan to the new owner at no charge. Simply call Us on 1300 622 833.

Wear and tear

We will cover You under Your Plan if Your Product fails as a result of reasonable wear and tear, and it affects the functionality or operation of Your Product, subject to an assessment authorised by Us.

Food spoilage

If Your Product is a fridge or freezer We will reimburse You for any food spoilage which occurs as a result of a Covered Failure. You will be required to supply proof of Your loss.

Laundry care

If Your product is a washing machine or clothes dryer We will reimburse You for any reasonable laundering and/or drying costs (excluding any dry cleaning services) that You incur as a result of a Covered Failure. Your Product must be out of service for more than ten (10) consecutive days from the time of the first service call to assess Your Product failure or fault. You will be required to supply proof of payment for laundry costs to support Your claim.

Freight & service calls

If We request for Your Product to be sent to one of Our Authorised Repairers, We will cover any freight costs associated with the handling of Your Product, during the claims process.

Where possible We may ask You to deliver Your Product to one of Our Authorised Repairers.

If Your Product requires a service call under Your Plan, We will cover all service call fees.

Surge protection

We will cover Your Product under Your Plan if it suffers a break down caused by electrical interference, power surge or voltage fluctuation.

21 day repair guarantee

This benefit will only apply to repairs completed in Australia.

If We are unable to complete the repair of Your Product within 21 days, We will replace Your Product in accordance with the Product Replacement Terms outlined in this document (see page 3-4).

The 21 day repair guarantee commences from the date which Our Authorised Repairer receives Your Product and ends on the date upon which Our Authorised Repairer sends to You or makes available to You, Your Product, after completing the repair.

Any period where You are unavailable for Your Product to be picked up or delivered will not form part of the 21 day repair guarantee.

Worldwide coverage

If You are travelling outside of Australia, and the Product is of a portable nature and is in Your possession, it remains covered anywhere in the world.

In the event of a Covered Failure occurring to Your Product whilst You and the Product are travelling together outside Australia, We require You to contact Us by email at customerservice@brightsidecover.com.au before arranging repairs.

We will respond and if You are in Croatia, Ireland, Malaysia, New Zealand, Singapore or Slovenia We will advise You of where to take the Product to be repaired. Outside these countries You may be required to locate a suitable and convenient repairer and pay for the repair and claim the cost back from Us. You will be required to show an itemised invoice of the repair costs in order to have Your reimbursement approved under Your Plan.

Loan product

We will make every effort to repair Your Product within 14 days of Your Product being in the control of Our Authorised Repairer. If We are unable to repair Your Product within 14 days, We will, at Your request, provide You with a loan product for the duration of the repair period.

Not all products will be eligible for a loan product and the provision of a loan product is also subject to availability. Contact Us to find out whether a loan product is available for Your Product. The loan product may not necessarily be the same size, brand or specifications as Your Product.

You must maintain the loan product in good condition and You will be responsible for any loss or damage to the loan product. We will not cover You for any costs related to installation, uninstalling, or dismantling of the loan product. All data that may be contained in the loan product will be destroyed upon return and We take no responsibility for such destroyed data.

The assistance You receive will be based on the latest technical knowledge available to Our agents at the time of Your enquiry. The technical assistance available to You will not include the engagement of any other parties to carry out work or to conduct further testing.

You must call Us prior to arranging repair or replacement of Your Product, any costs associated with repair, removal or installation of Your Product will not be paid unless first approved.

We may require Your Product to be assessed. This may be done by one of Our Authorised Repairers, otherwise arrangements will be made for a service agent to contact You. We will advise You if We need an assessment and how that assessment will be made.

Where We determine that the claimed failure is not covered by Your Plan, You will be responsible for any costs associated with the dismantling of Your Product (including but not limited to any diagnosis, reassembly, repair and/or replacement costs).
